AFL-CIO Community Services and United Way Partnership

# Labor Leads 2009 Contributor Registry

Over Sixty Years of a partnership between  
Organized Labor and the United Ways  
in Michigan

Douglas Road Elementary 4th graders made a visit to the Labor History Museum as part of Monroe County's Labor Educational Outreach.

AFL-CIO Community Services and United Way Partnership

## Testimony

Linda Lash  
A.A. to UAW President &  
Director of Community Services

"We are living in extraordinary times. Our communities are faced with high unemployment, rampant home foreclosures, and working families are struggling just to meet their basic needs. United Way and Labor has a collective vision for a better future in the most trying times that America has seen. Working together we can and will make a difference in the lives of those who need it the most. No other social movement in this country represent positive change, solutions and hope than United Way and Organized Labor, and that's why I support giving to the United Way ."

## Walter Campbell Community Services Award

Each year at our Community Services School, a student is awarded the prestigious Walter Campbell Community Services Award.

The Award is given in honor of the late Walter Campbell, a labor leader, who embodies the qualities of honor, loyalty, integrity and a passion unmatched in his quest to assist those who have no voice, such as children, the elderly, the disadvantaged.

The 2009 Walter Campbell Award was presented to Nancy Wilber, a member of UAW Local 389.

Nancy's comment on receiving the award was that she was shocked and that it was an honor to represent the Community Services community.

pic

## TRIBUTE

### Charles "Chuck" Kennedy

The 2009 Labor Leads issue is dedicated to Chuck Kennedy former Director of Community Services. Chuck retired from the Michigan Association of United Ways on June 30, 2009. Chuck lived the AFL-CIO principle that, first and foremost, union members are citizens of the community in which they live, work, raise their children and retire.

Chuck got his community services start in Muskegon, Michigan. He served in the United States Air Force and following his discharge from military service enrolled at Muskegon Community College and followed that up with his Bachelor of Science degree from Western Michigan University in Kalamazoo. Chuck's employment at Neway Equipment Company, LSI, led him to serve in several capacities for his local union, including Steward, Community Services Chair, Bargaining Chairman and President of UAW Local 1703. His Community Services experience brought him to serve as the local Community Services Liaison for United Way of Muskegon County. He would later become the Director of the Michigan State AFL-CIO Community Services/Michigan Association of United Ways until his retirement in June 2009.

Chuck served on various volunteer boards such as the American Red Cross, lifetime member of the NAACP, Michigan League for Human Services, Salvation Army, St. Mary's Church Literacy Committee and Lecturer, and many other committees and organizations. He was the recipient of many Awards including the Stanley Daszco Community Services Award, Douglas A. Fraser Community Service "Swift Award", and recently the UAW International Union Owen Bieber Social Justice Activist Award.

He established **Labor Leads**, a registry of union members, leadership and their organizations for their contributions to their respective United Ways in the state of Michigan.

Volunteers and Staff express their deepest appreciation to Chuck Kennedy for his work, his friendship and to his commitment to the underserved and the most vulnerable members of our communities.

Chuck, Thank You.

### Labor Leads by Example

United Way of Bay County Labor volunteers building a new ramp for a local resident.

A mobility ramp being built by members of Carpenters Local 706, UAW Local 699 and Manufacturing Engineers from Delphi Steering, Saginaw, Michigan.

**F**or over 60 years, Labor Union members have contributed of their Time, Talent and Treasures to support local United Ways. In doing so they help meet the most pressing needs of our communities and provide solutions to the social ills we all face. Local United Ways rely heavily on the extraordinary kindness of union members and their families. Labor Union members have contributed millions of dollars to support health & human service programs here in Michigan and across the country.

**W**e all need someone to lean on at one time or another in our lives. Labor Leadership, giving through the United Way system, enables us to create a “safety net” of programs and services in our communities, a place to lean on. Members of Labor Unions lead the way in charitable giving and local United Ways recognize those individuals for their generous gifts. Volunteers and staff at local United Ways express their deepest appreciation to each of the Labor Leads donors listed in this booklet for their investments in the future of their communities. These Brothers and Sisters share more than being Union members, they share in the spirit of giving so that others may share in a better standard of living.

**T**hanks to Labor Union members, we’re making a difference.

*This booklet has been printed by the Michigan Association of United Ways. If your name has been inadvertently omitted from the list of labor leaders, and you are a leadership contributor, please contact our Lansing office at: 517 371-4360 x15 or labor CS liaison at your local United Way.*
